**STATEWIDE
FORKLIFT**
& MACHINERY SALES PTY LTD

Is powered by a **Lombardi Diesel engine.**

Hydrostatic drives power the all terrain

tracks driving this powerful yet compact forklift making ad-hoc and difficult access deliveries possible by the driver.

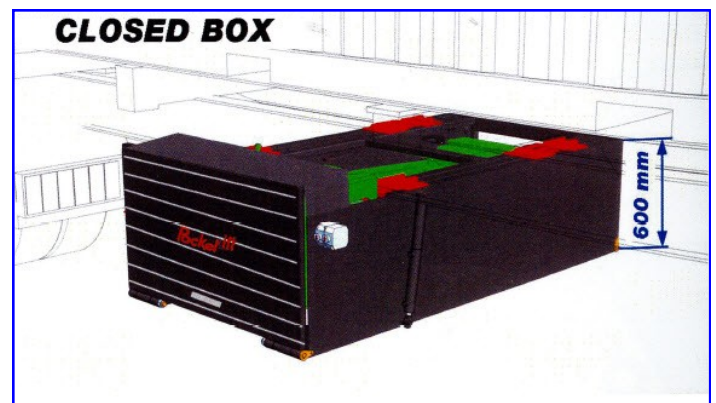

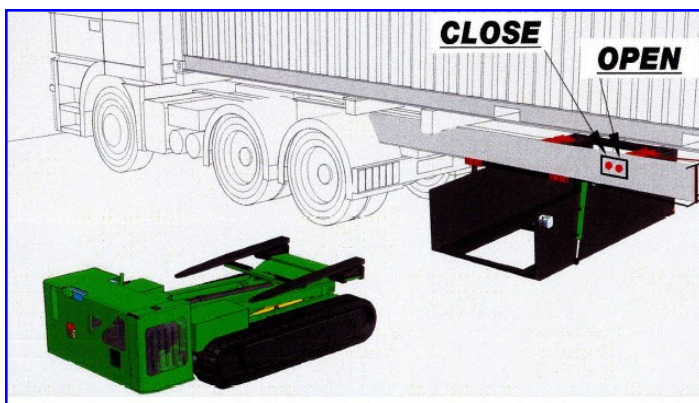

Weights and Dimensions

Model	Tracks	Remote Control	A mm	B mm	C mm	D mm	E mm	F mm	Weight Kg	Lifting Capacity
PT18-18	Fixed	Yes Long Range	2330	1300	610	2650	1100	210	1530	1500

PocketLift is a transportable forklift. It is equipped with an hydraulically foldable mast; once the mast is folded PocketLift can be transported in a box fitted out under the rear platform of the truck.

PocketLift has undercarriage tracks to give stability and traction on uneven ground. Another important feature is the remote control for use in hazardous areas without any risk for the operator. The remote control has a long working range and remote engine stop / start function.
